

# Parenting History Makers

Dear Parents,

This week we learned more about the gift of prophecy. They learned that the reason that we prophesy is to encourage, and build up and draw closer to God. It is also for bringing comfort to each other. God is talking to us and through us all the time and He wants us to see each other the way He does.

## *Memory Verse:*

"For you can all prophesy one by one, that all may learn and all may be encouraged."

1 Corinthians 14: 31

## *Ideas For The Week:*

- Have your child talk about what it is like to prophesy at class
- Memorize this weeks memory verse together
- Talk about edification (to build up)
- Talk about exhortation (to draw near)
- Talk about comfort
- Talk about how prophecy can affect the people in our lives
- Choose a family member and pray over them
- Write down the prophetic words that you get for them

## *Conclusion:*

Your child has learned about the gift called prophecy. They have also learned about some of God's languages, the reason that we prophesy, and the boundaries. They have practiced and hopefully prophesied over you! Learn to make it a practice in your home to listen to the Lord and tell your child what He is saying about them and let them prophesy over you, too! They will value what you value and do the things that you make room for. Let prophecy become a wonderful part of your family and life. Be blessed.
